CHRISTMAS GIFT IDEAS FROM BBC WORLDWIDE

Discover love at first bite with Lonely Planet, control your home entertainment with a flick of the wrist using the Doctor Who Sonic Screwdriver Universal Remote or delight your little one with a new playmate from Charlie and Lola

Celebrate Christmas this year with an exciting range of gifts from your favourite BBC programs. With a diverse range of products on offer including DVDs, books, toys, games and apparel, there is something for everyone.

Top Gear's The Worst Car in the History of the World DVD, sees Jeremy and James travel to the North of England to name and shame the most rubbish cars in the entire world. This never before seen on television special is a labour-intensive affair, filled with heated debates, giant cranes, James being locked in his own car boot and...Jeremy being tied to a tree.

The Doctor Who Sonic Screwdriver Universal Remote is the perfect gift for aspiring Time Lords, allowing users to operate multiple home entertainment devices with different flicks of the wrist. Collect \$200 when you pass the Daleks with the **Doctor Who 50th Anniversary Collector's Edition Monopoly**, or help fans to learn what all those tricky Time Lord words and phrases mean with the **Official Doctor Who Dictionary**.

Treat the discerning traveller with one of Lonely Planet's fantastic range of books and DVDs, including the 40th anniversary edition of **Best in Travel in 2013 book**, with all the hottest trends, destinations and journeys for the coming year. Reward the foodie in your family with **Lonely Planet's Food Lover's Guide to the World** or follow action-man Ben Fogle as he tackles a series of adventures and challenges in **Lonely Planet's Year of Adventures DVD**.

For the nature lover, **BBC Earth's Great Barrier Reef Book**, will take them on a journey through one of the world's most beautiful and spectacular ecosystems and **The Planet Collection DVD**, which includes Frozen Planet, Blue Planet and Planet Earth, takes viewers through three stunning portraits of the natural world, all narrated by renowned naturalist Sir David Attenborough.

Delight your little one with the new **Charlie and Lola Rag Doll**. The Lola Rag Doll of the 'small and very funny' little sister is the perfect companion for playing, storytelling and bedtimes.

Deadly 60 Figures and Playsets will see your kids join Steve Backshall as he takes to the jungles, skies, seas and forests on a mission to count down the most dangerous creatures on the planet.

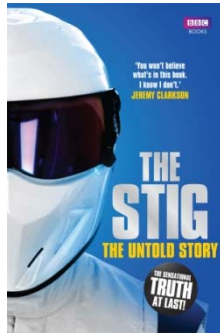

Products are available from a range of stockists including ABC shops, Big W, Woolworths, David Jones, Dymocks, Harvey Norman, JB HI-FI, BP, Lonely Planet, Mothercare, Toys R Us and online retailers such as Mighty Ape, Popcultcha, ABC Shop Online, Random House and Stage 5.
